- a) the acquirer, as a recognised shareholder, were to directly or indirectly acquire more than 5 % of the total number of registered shares;

- b) insofar as, and as long as, the recognition of the acquirer as a shareholder could, on the basis of information available to it, hinder the company from providing shareholder composition information as required by federal law;
- c) the acquirer, following a request by the company, fails to expressly declare that he has acquired and will hold the shares in his own name and for his own account.

Natural persons, legal entities and business partnerships which are associated with each other through capital, voting rights, management, or in some other manner, as well as all natural persons, legal entities and groupings coordinated for the purposes of circumventing the registration limitations in any way are to be considered as one single acquirer. In line with the regulations for registering HUBER+SUHNER AG shareholders in the share register, the Board of Directors may, in exceptional cases, waive the 5 % limit, in particular to facilitate the tradability of registered shares and in connection with corporate mergers and the increase of shareholder stability through new anchor shareholders. As per Article 30 of the Articles of Association, a Member of the Board of Directors may hold up to 5 posts as a Member of the management board or administrative body of other listed legal entities. In addition, a Member of the Board of Directors may hold up to 20 posts as a member of the management board or administrative body offices of non-listed legal entities and up to 10 posts as a member of the management board of foundations and associations.

3.4 Elections and terms of office

According to the legal provisions, all Members of the Board of Directors, the Chairman and the Members of the Nomination and Compensation Committee are elected annually and individually. The Articles of Association do not allow for any deviation from these election rules. The term of office of a Member of the Board runs until the end of the next Annual General Meeting. Re-election is possible. Please refer to 3.1/3.2 for the first election per member. Members of the Board cannot run for re-election at the Annual General Meeting in the year in which they turn 70 years of age. The Annual General Meeting also appoints the independent proxy representative each year. The term runs until the end of the next Annual General Meeting. Re-election is possible.

3.5 Internal organisational structure

The Board of Directors exercises overall management, supervision and control over the running of the Group. Except for the election of the Chairman and the Members of the Nomination and Compensation Committee by the Annual General Meeting, the Board of Directors constitutes itself. The Board of Directors may appoint the Deputy Chairman from among its members. It may also appoint a Secretary from outside the ranks of the Board.

Working practices of the Board of Directors

The Board of Directors meets as often as business requires, but at least five times a year. The Chairman, or if he is unable to attend, the Deputy Chairman or another Member of the Board, chairs Board meetings. The Chairman convenes Board meetings and sets their agendas. He also ensures that Members receive the agenda at least 10 days in advance of the meeting, and decision material generally one week beforehand. In addition to the CEO, the CFO also attends Board meetings as a representative of Executive Group Management. Depending on the business at hand, other members of Executive Group Management may take part.

Decisions are taken by the Board as a whole. The Board shall constitute a quorum when the majority of its members are present. All decisions require a voting majority. In a tie, the Chairman shall have the casting vote. Voting by proxy is not allowed. All resolutions and agreements are minuted and approved by the Board.

Five regular Board meetings with an average duration of 5 hours, four additional telephone conferences with an average duration of half an hour, as well as one "strategy work-shop" lasting one and a half days, which was also attended by the entire Executive Group Management, were held during the year under review. The meetings took place at regular intervals during the financial year with a 100 % participation rate.

The Chairman of the Board regularly meets with the CEO to discuss current business performance and activities and makes decisions regarding the disclosure of price sensitive facts or the acceptance of posts outside the company by Members of Executive Group Management. In addition, he is responsible for monitoring the implementation and compliance with resolutions taken by the Annual General Meeting and the Board of Directors and keeps the other members of the Board updated in a regular and timely manner. In addition to his core responsibilities, the Chairman performs additional duties for the HUBER+SUHNER Group, including liaising with key stakeholders and with the representative in the Foundation Committee or other organisations.

Committees – composition and working practices

The areas of responsibility and authority of the Nomination and Compensation Committee and the Audit Committee are defined in the appendix to the HUBER+SUHNER Bylaws. These committees support the Board in its supervisory and

control capacities and function mainly as advisory, assessment and preparatory bodies. The members of the committees are as follows:

	Nomination and Compensation Committee	Audit Committee
Jörg Walther		Committee Chair** (Member*)
Franz Studer		Member**
Monika Bütler	Committee Chair**	(Committee Chair*)
Beat Kälin	Member** (Committee Chair*)	
Urs Kaufmann	(Member*)	

* until 6 April 2022

** as of 7 April 2022

The committees meet as often as business requires, but at least twice a year. Minutes are taken at each meeting and sent to all meeting participants and to all Members of the Board of Directors. At the subsequent Board meeting, the Committee Chair briefs the Board and puts any motions to it.

The Nomination and Compensation Committee (NCC)

The committee consists of at least two non-executive Members of the Board elected annually by the Annual General Meeting, one of which will be designated as Chair by the Board of Directors. If the office of one of the members elected by the Annual General Meeting becomes vacant, the Board appoints one of its members to replace the departing member for the remainder of the term.

The committee prepares all the relevant decisions relating to nominating and compensating members of the Board of Directors and Executive Group Management and the Group's compensation policy. The Chairman of the Board attends the meetings. The CEO attends the meetings, except if his own performance is under review or his own compensation is under discussion. Where necessary, the CHRO (Chief Human Resources Officer) is also present. The committee held two meetings with an average duration of 2 hours and a 100 % participation rate during the year under review.

The main duties of the Nomination and Compensation Committee are:

- to manage the selection process and to put forward proposals concerning new Board members and the CEO
- to examine the selection process of the other members of the Executive Group Management as well as to examine the main conditions of their employment contracts
- to prepare the compensation report
- to prepare the proposals for the compensation voting to the Shareholders Meeting according to Art. 23 of the Articles of Association for the attention of the Board of Directors
- to examine and propose the individual compensations of the CEO and of the other members of the Executive Group Management in the frame of the maximum aggregate compensations approved by the Shareholders Meeting
- to approve the annual salary adjustment within the Group proposed by the CEO
- to inform the Board of Directors regarding all NCC-relevant events which are not directly within the responsibility of the Board of Directors
- to perform further tasks assigned to the Committee by the Board of Directors.

Audit Committee (AC)

The committee consists of at least two members. The Board of Directors appoints the members and designates the Chair annually. It supports the Board with financial management, supervision of accounting, financial reporting,

internal auditing and cooperation with the external auditor. It decides on urgent technical matters. Areas of authority and responsibility assigned to the Board of Directors by law and by the Bylaws remain wholly within the Board.

The Chairman of the Board, the CEO, the CFO, the Head of Corporate Controlling and the external auditor usually attend committee meetings. Where necessary, the committee addresses certain agenda items with the external auditor alone. The committee held two meetings with an average duration of 3 hours and a 100 % participation rate during the year under review.

The Audit Committee has the following main tasks:

- reviewing accounting functions (applicable accounting procedures, valuation policies, internal and external financial reporting, liquidity and financing management, assessment of evaluation and financing principles) in terms of suitability, reliability and effectiveness and, if necessary, submission of amendments for the attention of the Board of Directors
- checking of the annual and the half-year reports and of the other financial information to be published
- monitoring the evaluation of corporate risks and reviewing the risk management practices
- verifying the controlling system
- supervising business activities with regard to compliance with resolutions of the Board of Directors, internal regulations and guidelines, principles of corporate policy and instructions as well as with regard to the relevant statutory provisions, especially in terms of stock market legislation (compliance)
- reviewing performance, independence and remuneration of the statutory external auditor as well as giving recommendations for elections to the Board of Directors and/or the Shareholders Meeting
- handling of audit reports; consultation regarding all significant findings and recommendations of the external statutory auditor together with the Chief Executive Officer and the Chief Financial Officer as well as with the external auditors
- monitoring of the implementation of recommendations of the external auditors
- determining the internal audit plan
- handling of audit reports; consultation regarding all significant findings and recommendations of the internal audit together with the Chief Executive Officer and the Chief Financial Officer as well as with the internal audit
- informing the Board of Directors regarding all AC-related events which are not directly within the responsibility of the Board of Directors
- executing further tasks assigned to the Committee by the Board of Directors.

3.6 Definition of areas of responsibility

The areas of authority and responsibility of the various bodies are set out in the Bylaws (available under [Corporate Governance](#)).

The Board of Directors issues guidelines for business policy and makes decisions about all matters that are not reserved for, or assigned to, the Annual General Meeting or another company body by law, by the Articles of Association or the Bylaws. In particular, the Board of Directors approves the business strategy and organisation proposed by Executive Group Management, as well as budgets, medium-term plans, acquisitions and other businesses which, by its nature or financial impact, is considered strategically significant. Written requests are prepared for all projects that require a decision by the Board. The Board of Directors delegates the Group's operational management to the Chief Executive Officer (CEO), unless statutory regulations or the Bylaws state otherwise. The Bylaws are periodically reviewed and adapted by the Board, most recently on 22 June 2022.

3.7 Information and control instruments vis-à-vis the Executive Group Management

The Board's main information and control instrument is a management information system based on financial accounting according to Swiss GAAP FER. Group financial statements (income statement, balance sheet, cash flow

statement) with budget and previous year comparison, consolidated income statements and key management figures for the three market segments are submitted monthly to all Board members.

Regular reporting to the Board by Executive Group Management consists of a monthly written commentary from the CEO on business activities and the Group's result. It is sent to all Board members along with the monthly financial statements, as well as the minutes of monthly Executive Group Management meetings, which are also submitted to the Chairman of the Board of Directors.

The attendance of Executive Group Management members (especially the CEO and CFO) at the Board of Directors' meetings and its committees is reported in Section 3.5 (Internal organisational structure). During Board meetings, the CEO provides information about the current state of business and major business transactions; the CFO explains the annual and half-year financial statements. Each Member of the Board may also ask for information about all matters pertaining to the HUBER+SUHNER Group.

The Board of Directors is also closely involved in the company's planning cycle. In the third quarter of each year, it receives, for its approval, the results of the strategic mid-term plan, which covers a period of 5 years. In the fourth quarter, the Board approves a detailed budget for the coming year. It also receives a forecast of the annual results twice a year.

Internal auditing at HUBER+SUHNER is within the responsibility of Corporate Controlling. The Head is subordinate to the CFO, but reports directly to the Audit Committee regarding these activities. This solution, tailored to the specific situation and size of HUBER+SUHNER, is cost effective and ensures that internal audit findings are available in their entirety to the Controlling team. Based on financial risk considerations, an annual plan of the companies to be audited is drawn up and submitted to the Audit Committee for approval. The main priorities of the audit are compliance with internal policies, processes, reviews and the implementation of the internal control system. The internal auditors discuss the results of each audit in detail with the companies concerned, and concrete measures are agreed upon. Internal audit reports are submitted, together with suggested improvements, to the Audit Committee, the Chairman of the Board, the CEO, the CFO, the respective COO, the management of the audited company as well as the external Group auditor. Audit reports with significant findings are presented to and discussed in the Audit Committee. The Audit Committee ensures, on an annual basis, that issues and recommendations are dealt with.

The external auditor annually assesses the internal control system (ICS) in a comprehensive report to the Audit Committee and the Board of Directors and confirms its existence.

Risk management of the HUBER+SUHNER Group and all Group companies is laid down in the Board of Directors' risk policy and in the Executive Group Management's guidelines on the risk management process. In the reporting year, the Executive Group Management reviewed the progress and effectiveness of the measures taken and has selected and reassessed the most significant financial, operational and strategic risks at Group level. This was based on its own top-down estimates and on bottom-up data from market segments and corporate functions. The risks were categorised according to their probability of occurrence and potential financial impact. In addition, mitigating measures as well as operational responsibilities were defined for each listed risk. The evaluated risks as well as the ongoing and planned compliance measures were presented in the 2022 Risk Report to the Board of Directors for review and approval. After its review, the Board approved the report on 7 December 2022.

When exercising voting rights, no shareholder representing another shareholder may, with his own shares and the shares he represents, together account for more than 10 % of the entire share capital. Proxy holders who are not shareholders may not control more than 10 % of the total share capital. Individuals, legal entities and groups with joint legal status which are bound by capital or voting rights, by consolidated management or in another manner, or individuals, legal entities and legal communities which coordinate their action to circumvent the above restrictions are to be considered as one single shareholder. The limitation does not apply to the independent proxy. The Board of Directors may decide on exceptions to restrictions on voting rights and representation. In the year under review, the Board of Directors did not grant any exceptions.

According to Article 13 of the Article of Association a resolution for abolishing voting rights restrictions requires the relative majority of the casted votes.

Powers of representation and voting instructions are granted to the independent proxy representative in accordance with legal provisions. The Articles of Association do not foresee the possibility of electronic participation in the Annual General Meeting.

6.2 Quorums required by the Articles of Association

The Annual General Meeting makes its decisions and carries out its elections with a relative majority of votes unless the law determines otherwise. A decision by the Annual General Meeting which assembles at least 2/3 of the represented share votes and the absolute majority of the nominal value of the shares issued, is required for:

1. the alleviating or withdrawal of limitations upon the transfer of registered shares;
2. the conversion of registered shares into bearer shares;
3. the dissolution of the company, followed by liquidation.

6.3/6.4 Convocation of the Annual General Meeting/Inclusion of items on the agenda

Convening the Annual General Meeting and setting the agenda are governed by Articles 699 and 700 of the Swiss Code of Obligations. By way of derogation from the statutory norm, Article 9 of the Articles of Association stipulates that shareholders entitled to vote may place an item of the agenda if they hold shares with a minimum nominal value of CHF 50 000. The Board must be notified of a request to place an item on the agenda and be given the proposals in writing no later than 60 days prior to the Annual General Meeting.

6.5 Entries in the share register

As a general rule, no entries of registered shareholders are made in the share register in the five working days before the Annual General Meeting. The Board of Directors announces the deadline for making entries in the share register in the invitations to the Annual General Meeting. In the year under review the Board of Directors did not grant any exceptions to this rule.

7 Changes of control and defence measures

7.1 Duty to make an offer

The Articles of Association do not entail any rule governing opting-up or opting-out as per the Financial Market Infrastructure Act (FMIA).

7.2 Clauses on changes of control

No contractual clauses governing changes in control exist in the employment contracts with members of either the Board or the Executive Group Management. The share blocking periods are not revoked when members of the Board or Executive Group Management resign. According to the HUBER+SUHNER AG Compensation Policy, the Board may prematurely revoke existing blocking periods only under special circumstances, such as a change of control, and requested by the Nomination and Compensation Committee.

8 Auditors

8.1 Duration of the mandate and term of office of the lead auditor

Ernst & Young AG, Basel, has been the independent auditor of HUBER+SUHNER AG and various Group companies since 2018. The current lead auditor, Mr. Iwan Zimmermann, has been in charge since 1 April 2021. As per article 730a(2) Swiss Code of Obligations, his tenure as lead auditor may not exceed seven years. The auditors are elected by the Annual General Meeting for a term of one year.

8.2/8.3 Auditing fees/Additional fees

Ernst & Young (EY) charged CHF 262 000 for auditing the Group Financial Statements and a few individual financial statements of different Group companies during the reporting year, and CHF 59 000 for additional EY services (e.g. independent assurance for sustainability report).

8.4 Information instruments pertaining to the external audit

The Audit Committee informs the Board of the work performed by and working relationship with the external auditor. Each year, the external auditor submits an audit plan, a "confirmation of analytical review" of the half-year and a comprehensive report on the annual financial statements with conclusions on financial accounting, the internal control system, the Compensation Report (Chapter 5) and the audit results for the attention of the Board of Directors and the Audit Committee. The Audit Committee also assesses the scope of the annual audit and the audit plans, and discusses the audit findings with the external auditor. In the year under review, the external auditor was present at both Audit Committee meetings.

The Audit Committee annually assesses the external auditors' performance, independence and fees and recommends to the Board the external auditing company to be nominated by the Annual General Meeting.

This evaluation is based on the reports and presentations provided by the external auditors, the discussions held in the meetings, their objectivity as well as their technical and operational expertise. The Audit Committee reviews the suitability and scope of the additional services rendered by the external auditor. If the planned additional services exceed the monetary limit set by the Audit Committee, the Audit Committee must be informed in advance.
